The Tropical Agriculturist

The Agricultural Journal of Ceylon

Founded 1881.

Published by
The Department of Agriculture,
Peradeniya.

Vol. XCVI

Containing Numbers 1 to 6,
January to June, 1941.

J. N. A 6302–1,105 (9/41)

INDEX

Volume XCVI January to June, 1941

Number	Month	Pages
1	January	1– 64
2	February	65–126
3	March	127–184
4	April	185–252
5	May	253–324
6	June	325–384

A

Ageratum conyzoides, a virus disease of, 255

Agromyza phaseoli Coq., 221

Angitia (*Dioctes*) sp., 10, 20

Animal Disease Return, 62, 125, 182, 251, 322, 382

Aphelenchoides fragariae, 23, 27

ritzema—bosi, 23

olesistus, 23, 24, 26

Arecanut, preparation for the market in Mysore, 187

Artificial manures, poisoning of cattle by, 359

B

Bachelor's Button, 23

Bitter-gourd, the relative resistance of some strains to the cucurbit-fruit-fly, 347

Board of Agriculture, minutes, 52, 236

Brachymeria nephantidis Gahan, 6, 8

Braconid wasp, 10, 12

Buddh Perio variety of sorghum, 149

Buffaloes in paddy cultivation (Editorial), 1

C

Cabooks, local, the composition of, 67

Castor seed in Brazil, cultivation of, 315

Cattle, European, failure in hot climates of, 368

Cattle, European, in Ceylon, (Editorial), 328

Cattle, poisoning by artificial manures, 359

Central Board of Agriculture, minutes, 52, 236

Chickani (Arecanut), 187, 194

Chrysanthemum leaf disease, 25

Chrysanthemum leucanthemum (ox-eye daisy), 23

Cigarette tobacco, harvesting, curing and grading of, 201

Cinchona in Guatemala, 307

Citrus fruits, Ceylon, marmalade making from, 295

Citrus growing in Western Australia, 98, 165

Coconut caterpillar (*Nephantis serinopa* Meyr.), a study of the control of the, 3

Coconut cultivation in the island of Trinidad, British West Indies, 328

Coconut palm, the diseases of the (Review), 181

Coconut Research Scheme, minutes, 60, 177

Coconuts, the premature fall of (Editorial), 253, 381

Cold storage investigations relating to Ceylon fruits, 353

Compost, 225

Compost, its preparation and uses, 115

Cowpeas : Bombay variety, 269

variety and cultural e] with, 153

the relative resistance of some varieties to *Agromyza phaseoli* Coq., 221

Crops, new, introduction of (Editorial), 127

Cucurbit fruit-fly, the relative resistance of some strains of bitter gourd to the, 347

Cucurma domestica Val. (Turmeric), cultural experiments with, 265

Curing, grading and harvesting of cigarette tobacco, 201

D

Dacus cucurbitae Coq., 347

Diseases of garden plants, 22

Diseases of the coconut palm (Review), 181

E

Echinochloa, occurrence as weeds of paddy land, 35

Echinochloa seeds, an investigation on methods of separating from seed paddy, 82

Editorial, 1, 65, 127, 185, 253, 328

Enclosing land or fields, a cheap method of (Pisé de terre), 90

Eulophid parasite (*Trichospilus pupivora* Ferr.) of the coconut caterpillar, 3

European cattle in Ceylon (Editorial), 328

failure in hot climates of, 368

Eurytoma sp., 9

F

Food crops recently introduced at the Experiment Station, Peradeniya, 147, 212, 269

Foods, tropical, zinc content of some, 174

Fornica, sp., 10

Fruits, Ceylon, cold storage investigations relating to, 353

Fruit fly, cucurbit, the relative resistance of some strains of bitter-gourd to the, 347

Fuel-plantations in the up-country, weeding in, 274

G

Garden plants, some diseases of, 22

hybridization of, 107

Grape, a study of the factors influencing the grading of, 129

Grapefruit, 101

a study of the factors influencing the grading of, 129

INDEX

Gerbera Jamesoni Bolus, 22

Gomphrena globosa, 23, 24

Grading of grape, papaya and grapefruit, a study of the factors influencing the, 129

H

Hybridization of tropical garden plants, the, 107

I

Inoculation of seed legumes, 50

Introduction of new crops (Editorial), 127

K

Kapok, the vegetative reproduction of, 164

Kumquots, 101

L

Laying records of pullets hatched from eggs imported by air mail, 88

Leaf-spot disease of annual phlox, a, 142, 380

Legumes, seed inoculation of, 50

Lemons, 100

Lime as a corner stone of increased production, 42

Limes, the selection and propagation of, 362

M

Mandarins, 100

Marmalade making from Ceylon citrus fruits, 295

Maruk (*Echinochloa* sp.), occurrence as a weed of paddy land, 35

an investigation on methods of separating from seed paddy, 82

Meteorological Report, 63, 126, 183, 252, 323, 383

N

Nephantis serinopa Meyr. (Coconut Caterpillar), 3

Nitrification, periodicity of, 28, 76

O

Ox-eye daisy, 23

P

Paddy pentatomid bug (*Scotinophara* (*Podops*) *lurida* Burm.), 217

Paddy pests, control methods for, 89

Papaya, a study of the factors influencing the grading of, 129

Parasite (*Trichospilus pupivora* Ferr.) of the coconut caterpillar, 3

Pennisetem millet, 212

Penstemon barbatus, 24

Periodicity of nitrification, rubber area, 28

coconut area, 76

Perisierola sp., 9

Pests of paddy, control methods for, 89

Phlox, annual, a leaf-spot disease of, 142, 380

Pisé de Terre : a cheap method of enclosing lands or fields, 90

Poisoning of cattle by artificial manures, 359

Pullets hatched from eggs imported by air mail, laying records of, 88

R

Research (Editorial), 65

Rubber (Editorial), 185

Rubber, period of nitrification, 28

Rubber Research Scheme, minutes, 122, 318

S

Salvia farinacea, 24

Scotinophara (*Podops*) *lurida* Burm., the paddy pentatomid bug, 217

Septoria sp., 142

Soil, Ceylon, studies on, 67

Soil mulch, effect of the, 231

Sorghum, 147

Stomatomyia bezziana Bar., 6, 7

Studies on Ceylon soils, 67

Sugar-cane in Ceylon : a historical survey, 299

T

Tea Research Institute, minutes, 375

Timber plantations in the Up-country, weeding in, 274

Tobacco, a virus disease of, 255

Tobacco, cigarette, harvesting, curing and grading of, 201

Trichospilus pupivora Ferr., 3

Tropical goods, zinc content of some, 174

Turmeric (*Cucurma domestica* Val.,) cultural experiments with, 265

V

Vegetative re-production of kapok, the, 164

Virus disease of *Ageratum conyzoides* and tobacco, 255

W

Weeding in the Up-country timber and fuel-plantations, 274

Weeds of paddy land, *Echinochloa* as, 35

Z

Zinc content of some tropical foods, 174

ILLUSTRATIONS APPEARING IN Nos. 1-6, VOL. XCVI.

	Facing Page
The coconut caterpillar ..	.. 4
Parasites of the coconut caterpillar	.. 8
do.	.. 10
Gerbera Jamesoni leaves attacked by *Aphelenchoides olesistus*	.. 22
Penstemon barbatus showing symptoms of attack by *Aphelenchoides olesistus*	.. 24
Chrysanthemum plant attacked by the fungus *Septoria obesa*	.. 24
Rainfall and nitrates graph—Kelani Valley Rubber Estate	.. 29
Do.	.. 32
Echinochloa colona	.. 36
Do. *frumentacea*	.. 36
Do. *crus-galli*	.. 38
Do. *stagnina* ..	.. 38
Part of stem and leaf of the paddy plant showing ligule	.. 40
Part of the prostrate stem of *Echinochloa stagnina* showing development of shoots and roots at nodes	.. 40
Profile of a laterite (cabook) quarry	.. 67
Do.	.. 67
Profile of a lateritic (cabooky) loam	.. 72
Rainfall and nitrates graph-Chilaw coconut estate	.. 77
Rhode Island Red hen No. 19 hatched from egg imported by air mail	.. 88
Foundation ridge (Pisé de Terre)	.. 96
A mould erected do.	.. 96
Mould with end-plank do.	.. 96
Ramming do.	.. 96
A mould in position (Pisé de Terre)	.. 96
Making a corner do.	.. 96
A pisé block do.	.. 96
Showing method of sloping blocks for joints (Pisé de Terre) ..	.. 96
Weight of bhokari grape berries	.. 133
Do.	.. 133
Fakdi grape (green)	.. 135
A large long papaya fruit	.. 135
Bhokari grape	.. 135
Kali sahebi grape	.. 135
Sizes of holes for grading grapefruit	.. 140
Leaves of *Phlox Drummondii* with leaf-spot disease associated with *Septoria Drummondii* Ell. & Ev.	.. 143
Fresh spores of *Septoria* in water	.. 143
Buddh Perio variety of sorghum	.. 149
Kapok bud taken from main stem	.. 164
Do. from side branch	.. 164
A kapok plant budded with a bud from a side branch, after one year's growth	.. 164
Plantains serving as a catch crop and wind-break in young areca groves	.. 190
Arecanuts	.. 190
Shelling and slicing knife with a curved blade ..	.. 195
Shelling knife with a curved blade	.. 195
The straight-bladed knife showing how it is fitted to the wooden plant on which the sheller sits	.. 195
Boiling of arecanut	.. 197
" Karunka " or dried arecanuts	.. 199
The paddy pentatomid bug (*Scotinophara* (*Podops*) *lurida* Burm.)	.. 218
Immature nut fall of coconuts (graph)	.. 254
Diseased *Ageratum conyzoides* plant at flowering stage showing yellow vein banding	.. 256
Diseased scion grafted to healthy stock (*Ageratum*)	.. 256
Healthy *Ageratum conyzoides* plant	.. 256
Under surface of tobacco leaf showing vein thickenings and enations	.. 256
Diseased *Ageratum conyzoides* plant showing yellow vein banding	.. 256
Apex of healthy tobacco shoot	.. 260
Apex of diseased tobacco shoot	.. 260
Tobacco leaf showing yellow vein banding	260
Marmalade making	.. 296
Coconuts as a forest crop in Trinidad	.. 330
Coconuts planted on edges of sugar-cane beds ..	.. 330
" Cutlassing " weeds in a grapefruit orchard	.. 333
" Cuttlassing " nuts in the husk	.. 333
Gouging coconut kernels from the thirds of the nuts	.. 337
Covered barbecue	.. 337
Trinidad copra	.. 339
Bronze leaf wilt of coconuts	.. 339

PRINTED AT THE CEYLON GOVERNMENT PRESS, COLOMBO.
